Bandung, Jawa Barat

I am a graduate holding a Diploma III in Information Management. With diverse experiences on campus, I have previously worked as a fullstack web developer and backend web developer at a company, refining my proficiency in efficient website development. Eager to embrace rapid learning and growth in dynamic work environments, I contribute to innovative technical solutions and successful web project development. I bring forth teamwork, problem-solving acumen, and effective communication skills.

Work Experiences

PT.Sequarta Daya Inovasi - Bandung, Indonesia   Feb 2023 - Aug 2023
